

# STRAINRITE QUIK-END CLIP

## SPECIFICATION SHEET

The no-knots fencing solution. Quik-End Clips are easy to use, reducing installation time while providing uniform strainer positioning. The wire simply clips onto itself, locking against the strainer post. Ideal for small holders and fencing novices unfamiliar with fencing knot application.

A Quik-End clip is an easy termination solution. Doing away with end knots and improve the strength of your fence at the same time. Faster than tying off a knot and great value, these clips will save time and money while increasing the strength of your fence.

### Quik-Clip Range

Permanent Wire Strainers are convenient to use, reducing installation time while providing uniform strainer positioning. The wire simply clips onto itself, locking against the strainer post. Ideal for small holders and fencing novices unfamiliar with fencing knot application.

### Installation

**01**

Bend wire 180 degrees with a tail no less than 50mm or 2"

**03**

Pull up through the loop and pull tight

**02**

Slide the Quik-End Clip over the bend

**04**

Feed around post and clip back onto wire
